

Calculating Slope

Apprentice Difficulty Level

Question Group 1

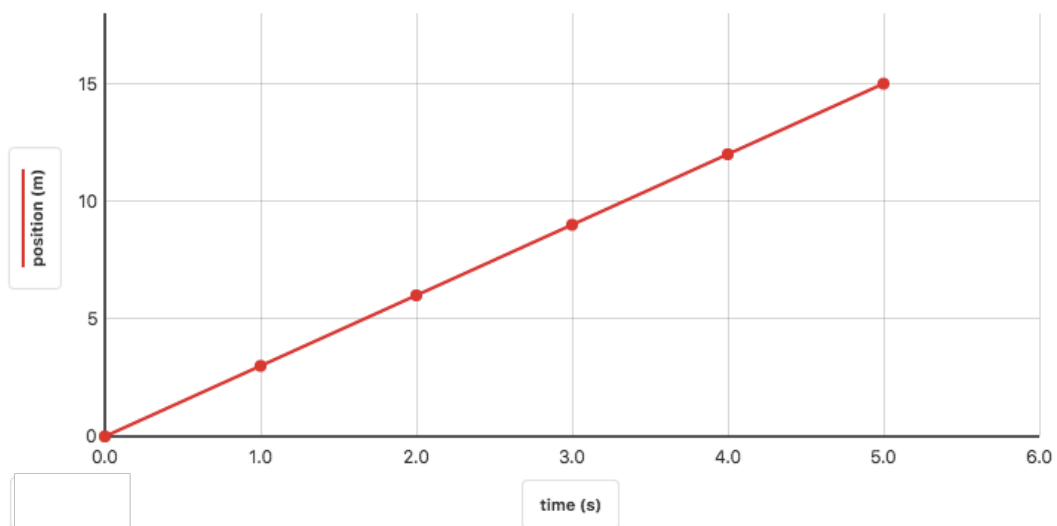

Question 1

Calculate the slope of the line on the graph.

Question 2

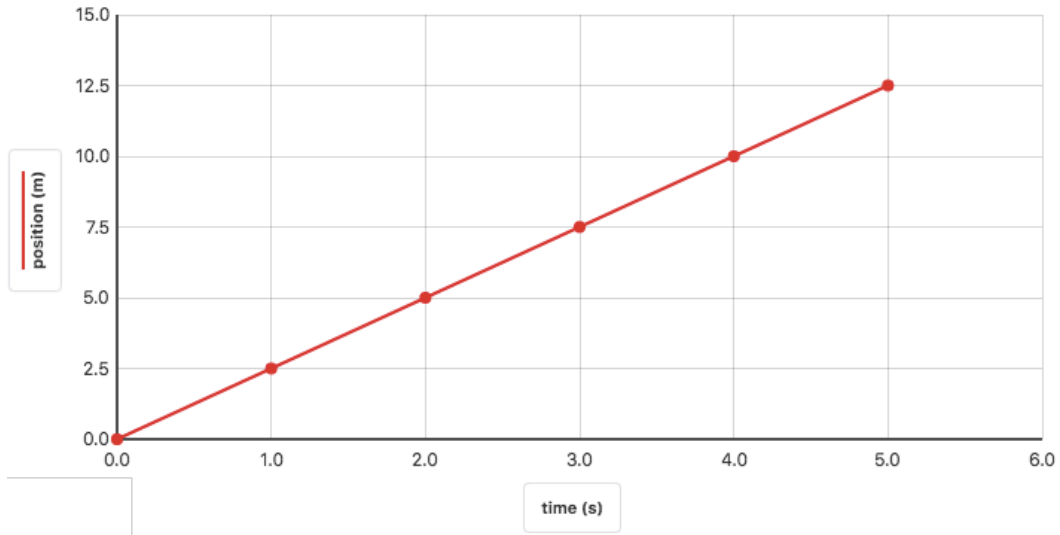

Calculate the slope of the line on the graph.

Question Group 2

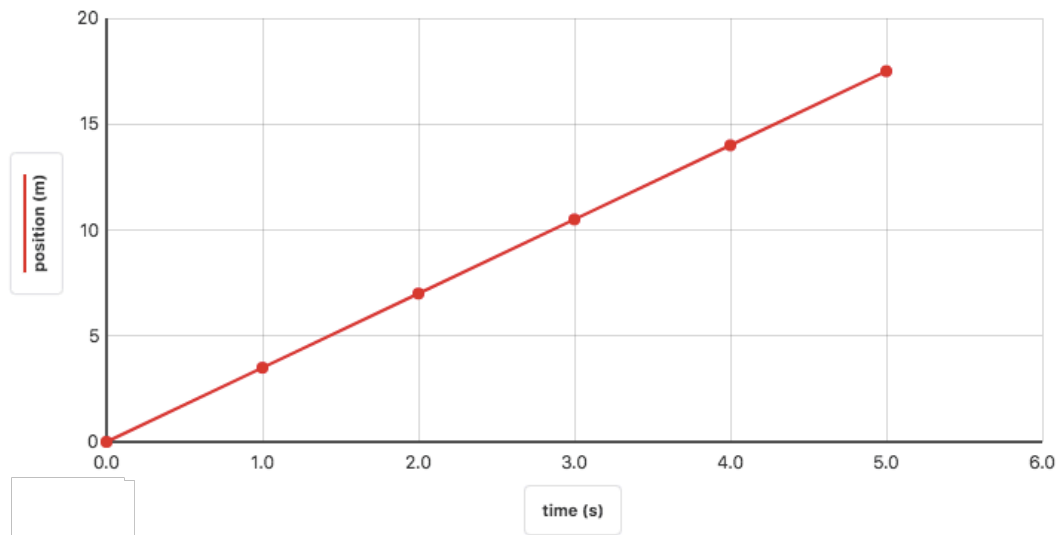

Question 3

Calculate the slope of the line on the graph.

Question 4

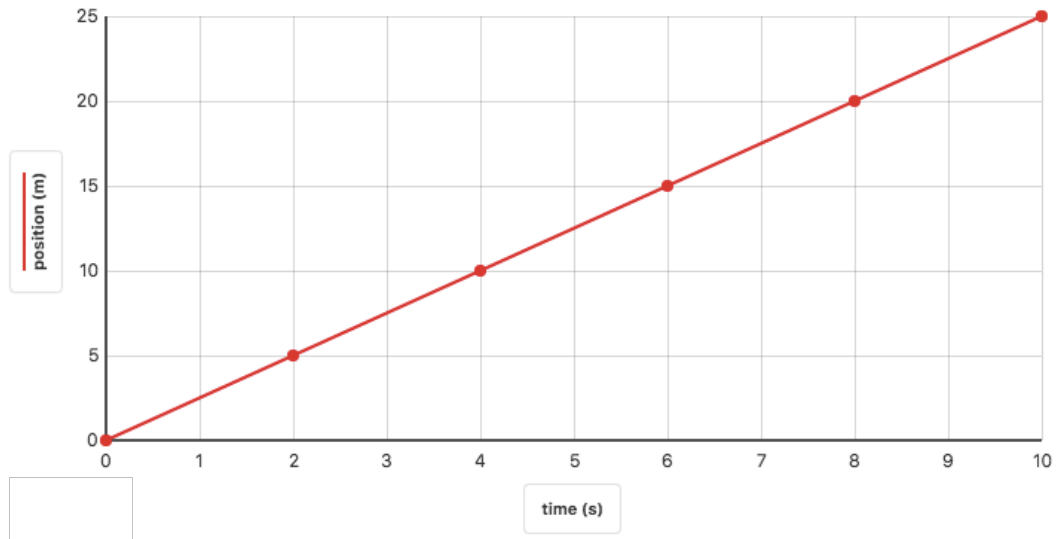

Calculate the slope of the line on the graph.

Question Group 3

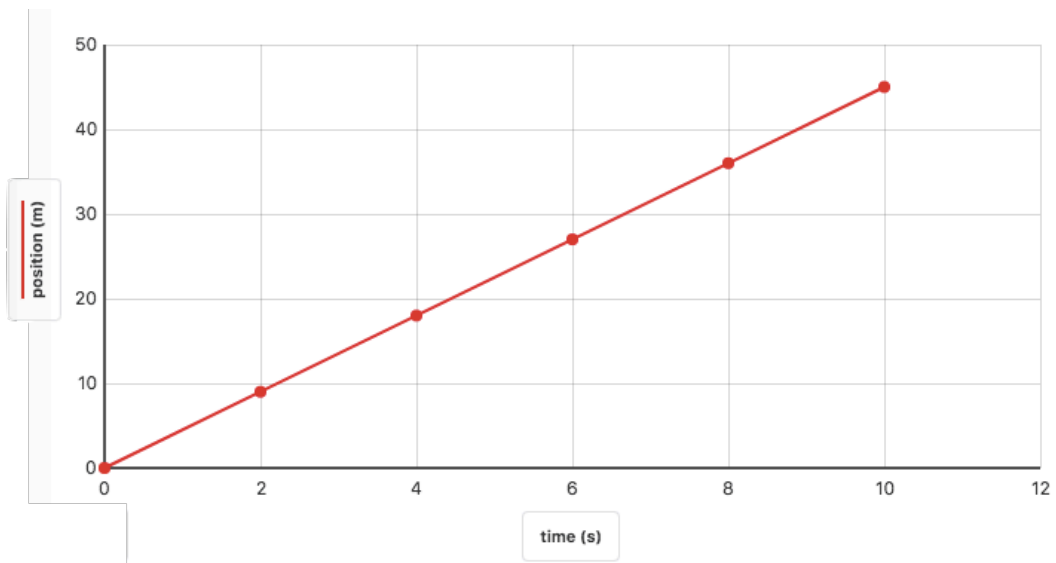

Question 5

Calculate the slope of the line on the graph.

Question 6

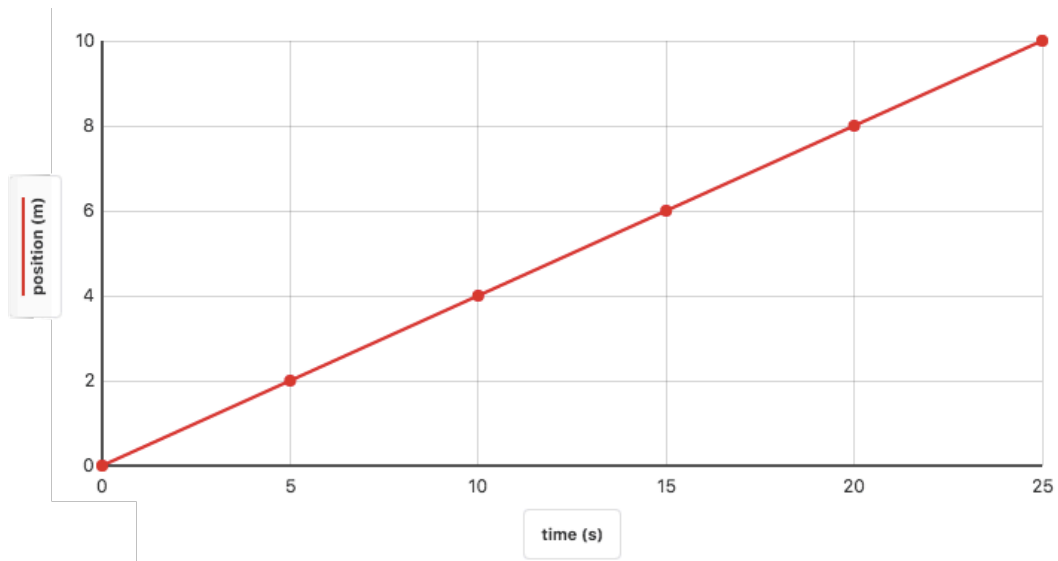

Calculate the slope of the line on the graph.

Question Group 4

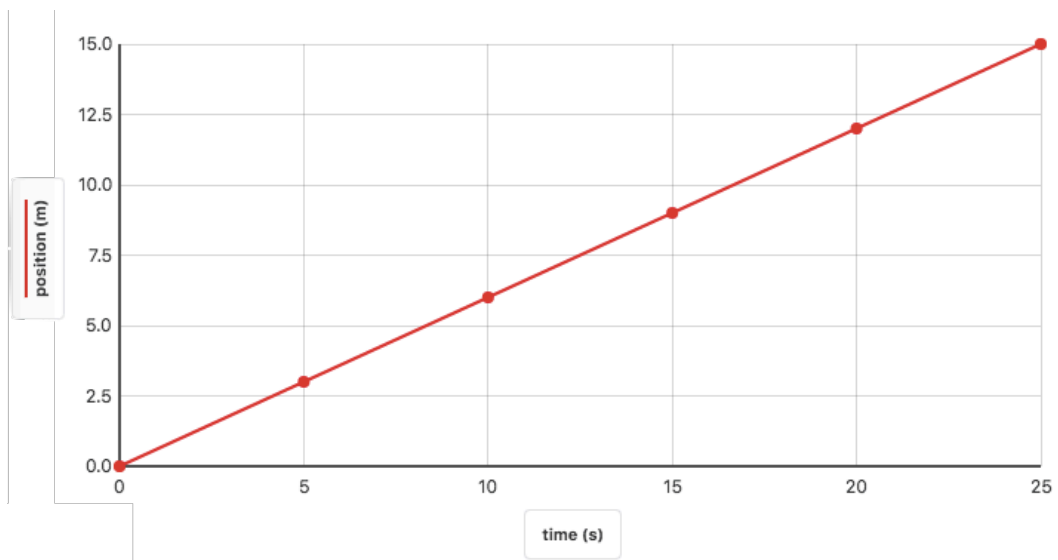

Question 7

Calculate the slope of the line on the graph.

Question 8

Calculate the slope of the line on the graph.

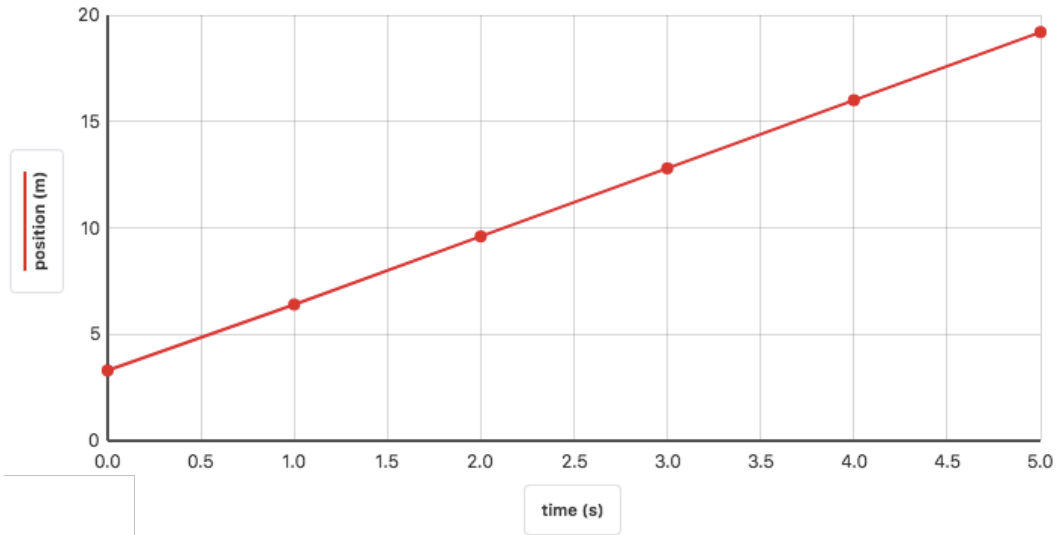

Master Difficulty Level

Question Group 5

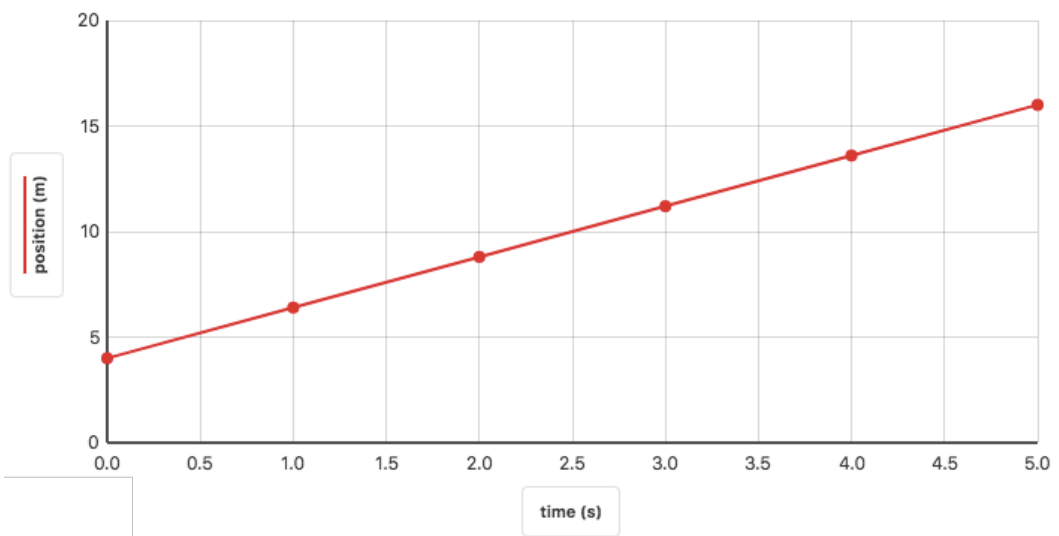

Question 9

Calculate the slope of the line on the graph.

Question 10

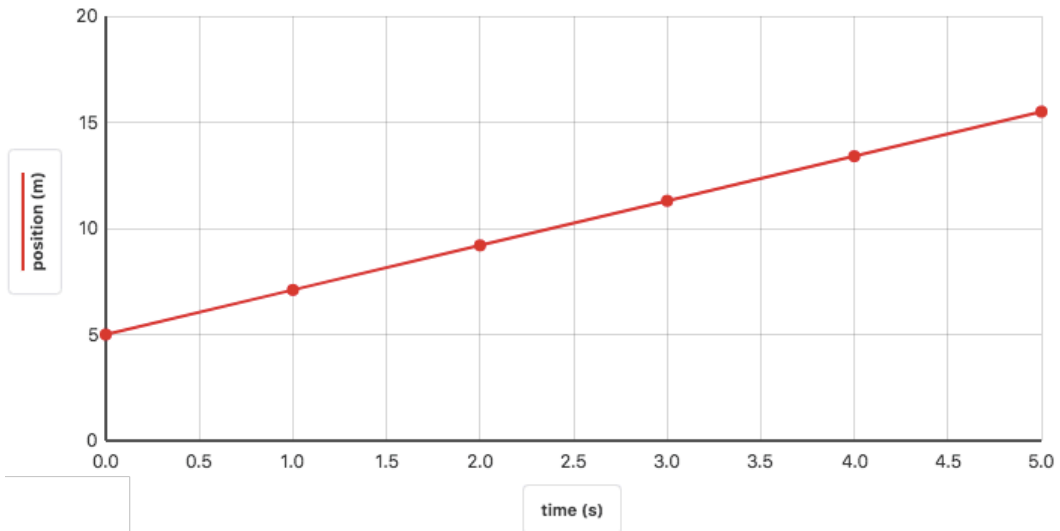

Calculate the slope of the line on the graph.

Question Group 6

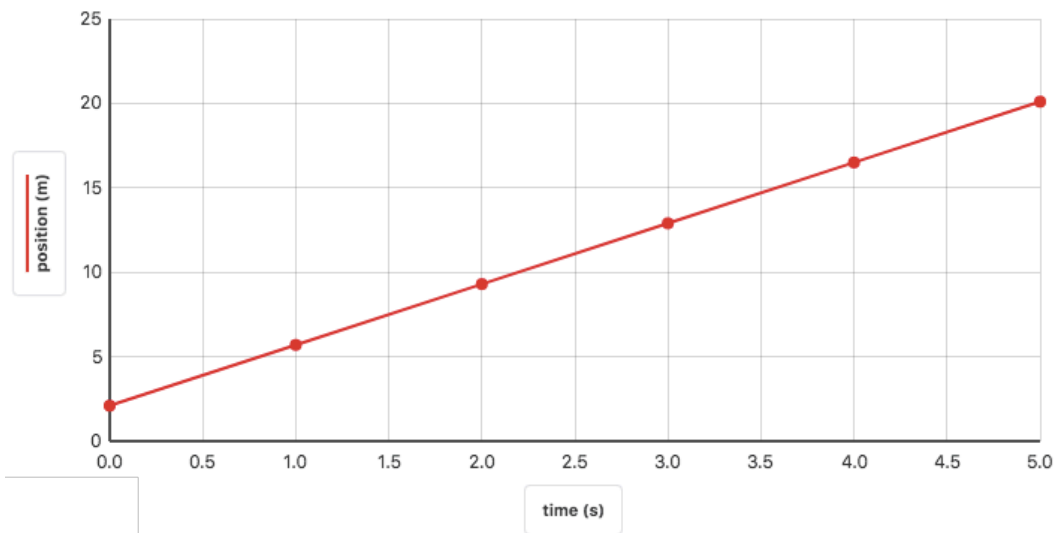

Question 11

Calculate the slope of the line on the graph.

Question 12

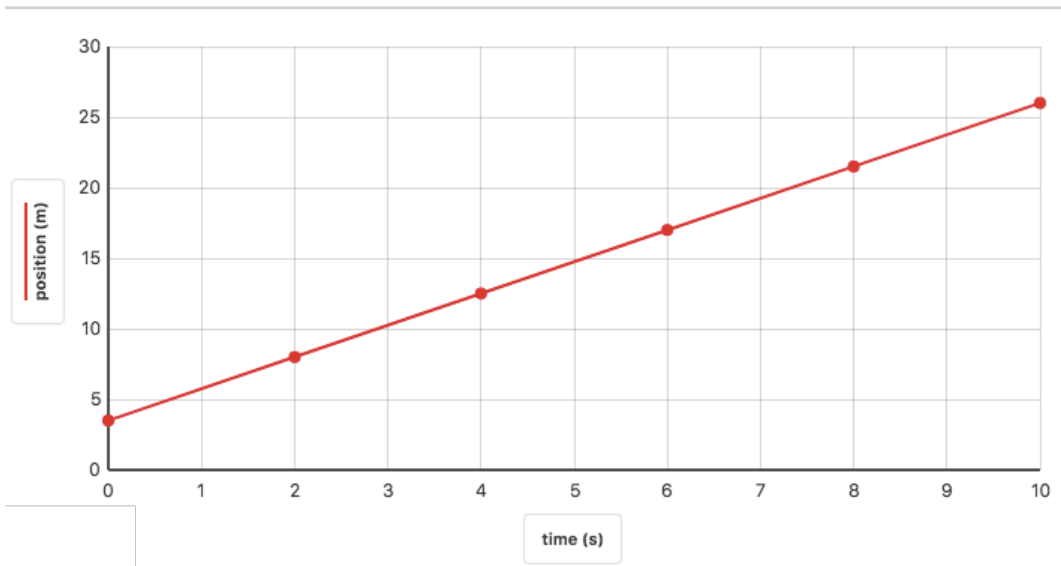

Calculate the slope of the line on the graph.

Question Group 7

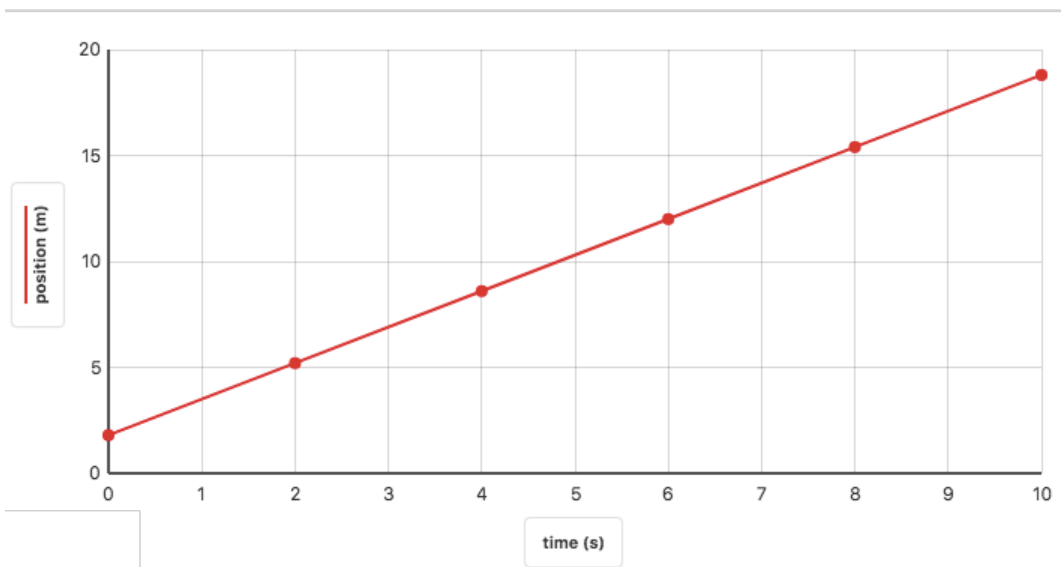

Question 13

Calculate the slope of the line on the graph.

Question 14

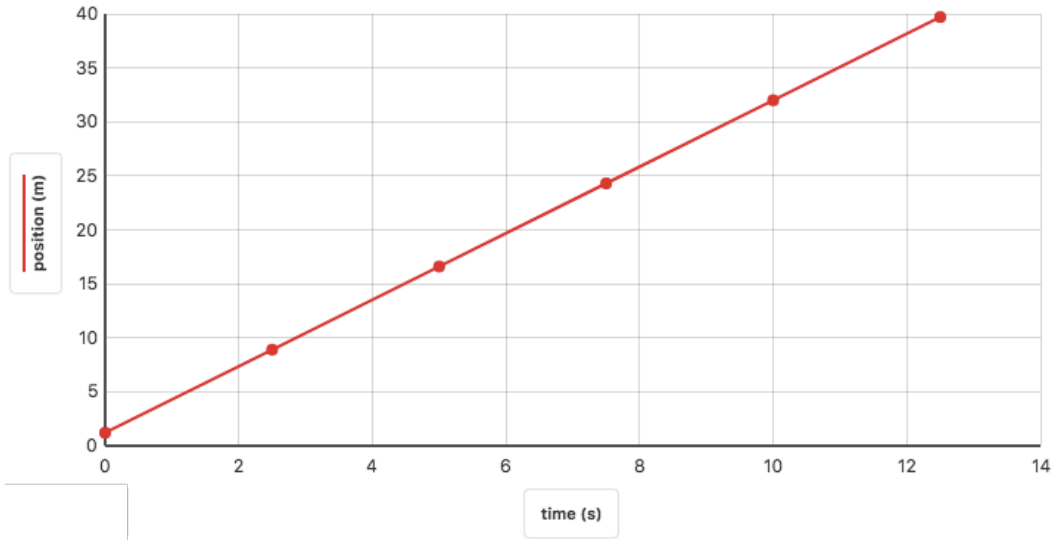

Calculate the slope of the line on the graph.

Question Group 8

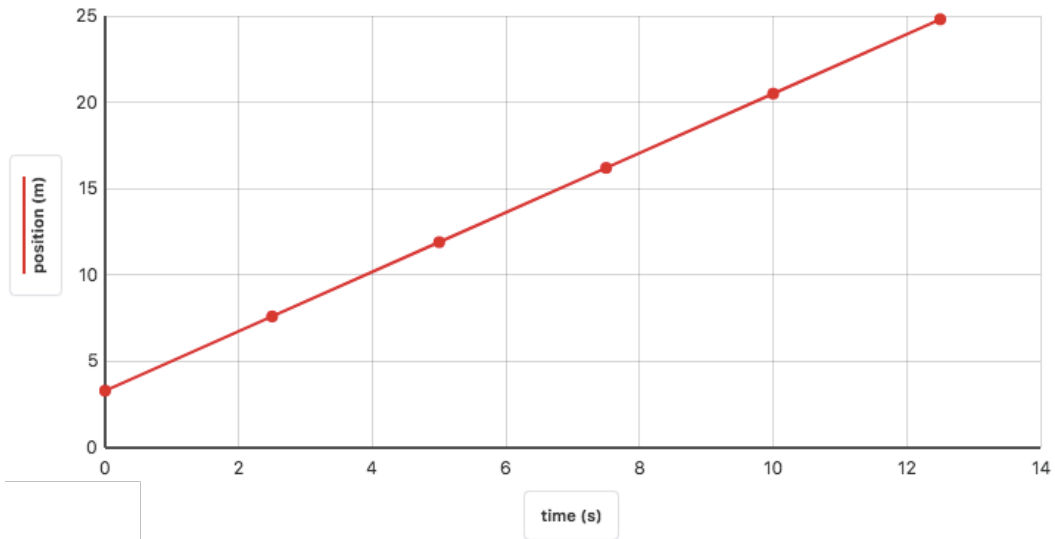

Question 15

Calculate the slope of the line on the graph.

Question 16

Calculate the slope of the line on the graph.

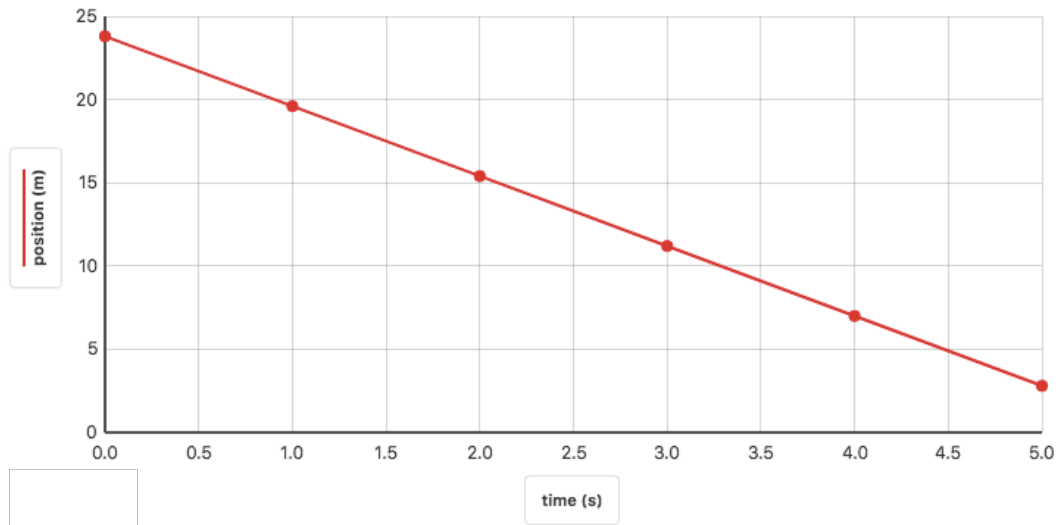

Wizard Difficulty Level

Question Group 9

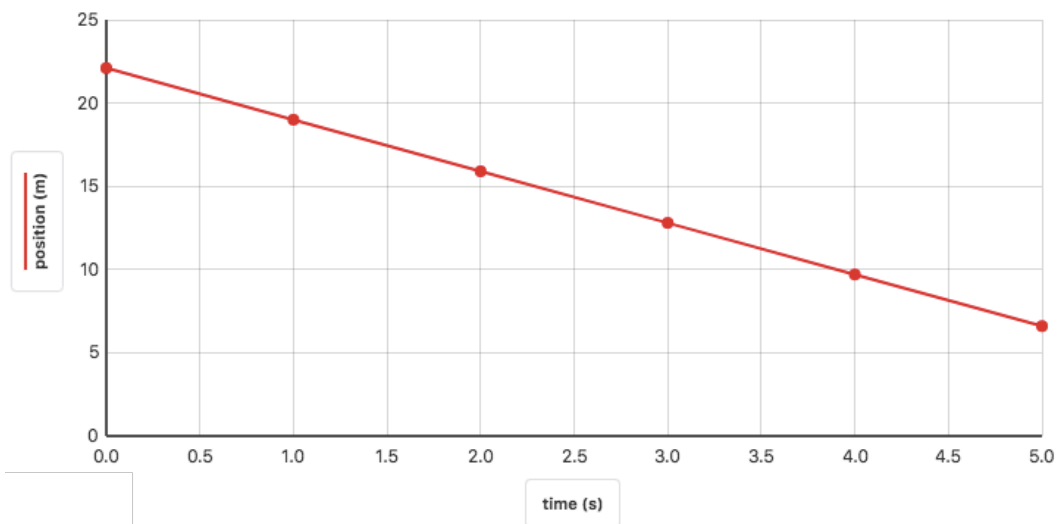

Question 17

Calculate the slope of the line on the graph.

Question 18

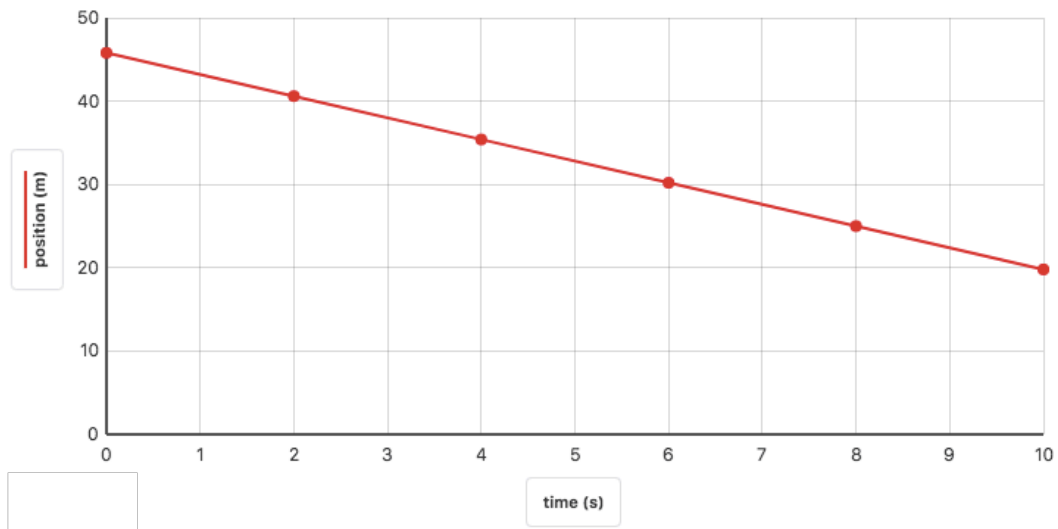

Calculate the slope of the line on the graph.

Question Group 10

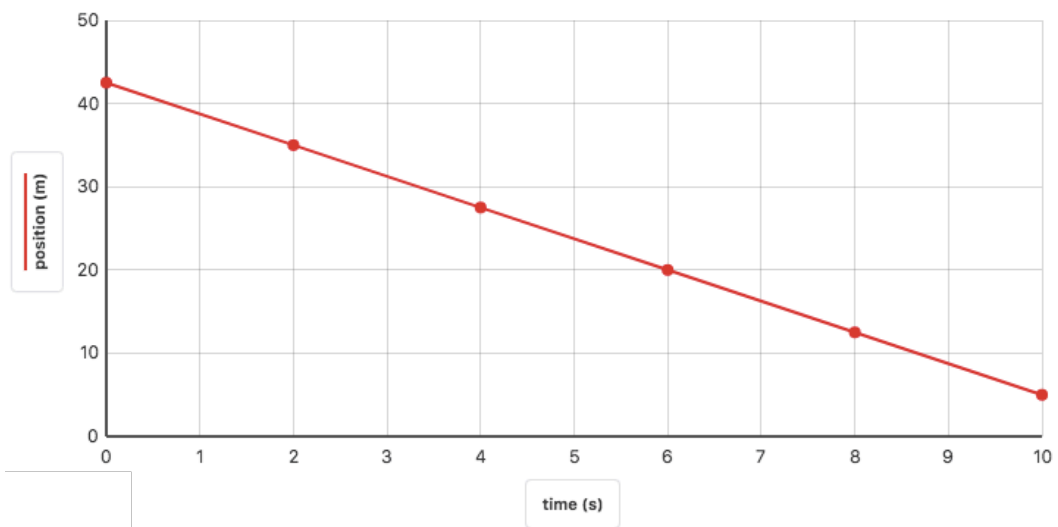

Question 19

Calculate the slope of the line on the graph.

Question 20

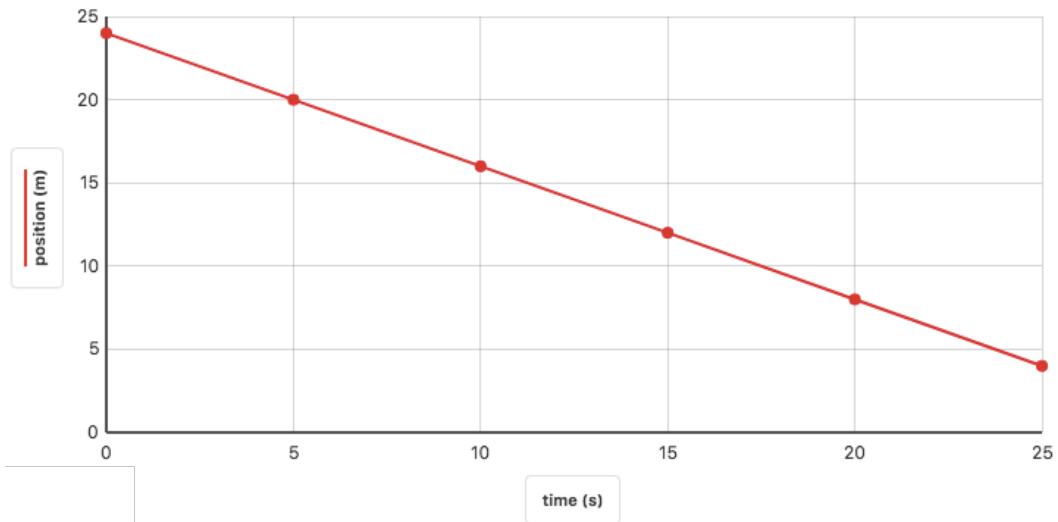

Calculate the slope of the line on the graph.

Question Group 11

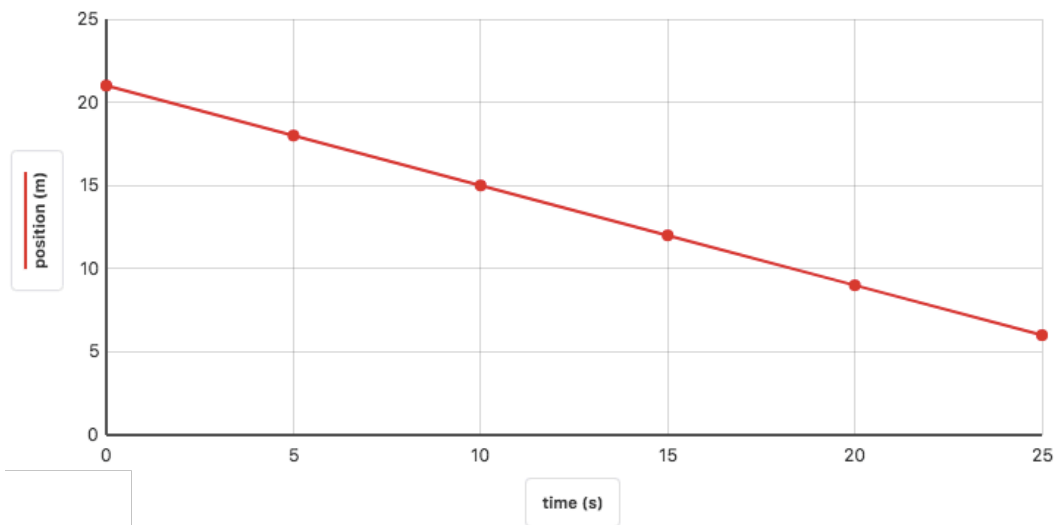

Question 21

Calculate the slope of the line on the graph.

Question 22

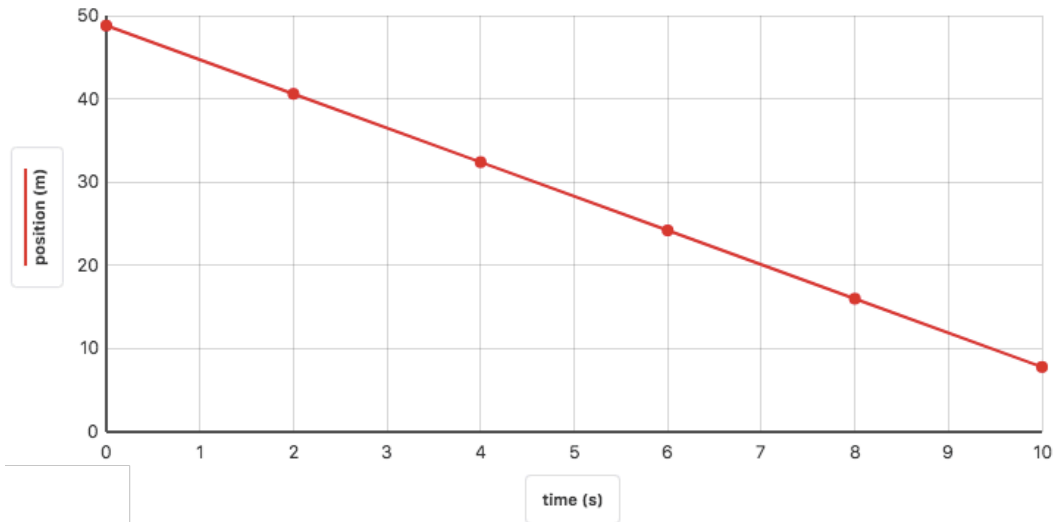

Calculate the slope of the line on the graph.

Question Group 12

Question 23

Calculate the slope of the line on the graph.

Question 24

Calculate the slope of the line on the graph.
